VIDEO

Disassemble engines with ease and recover spare parts effortlessly!

DISMANTLING

CMM

Compatible with Iris-Mec lifts

Lift table for engine disassembly and spare parts

1 ton
MAX LOADMAX LOAD

12” / 18”
UP / DOWN

Well-being
CORRECT POSTURE AND ERGONOMICS

Optimum manoeuvrability in tight spaces

- Optimum manoeuvrability
- Quick and effortless disassembly
- Ideal as a work surface for dismantling
- Efficient
- Easy to use

Efficient, remote-controlled lifting system

Iris-Mec srl - Via Grande 25, 42028 Poviglio (RE) - Italy

With wheels for easy handling and movement

Option without wheels for areas with no need of mobility

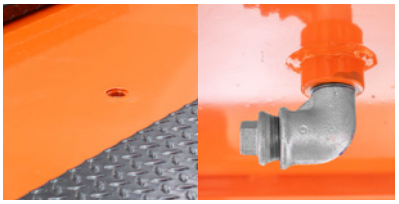

Option with rechargeable battery or 380 V power supply

Scratch-resistant surface for engine protection

Plan with containment tank and drainage system
