

WEIGHTING

KPL

External module for weighing fluids

Weighing
OF FLUIDS AND VEHICLE PARTS

Traceability
REAL FEEDBACK ON VEHICLE RETURN

Optimisation
OF EFFICIENCY AND PRODUCTIVITY

- Effective use of data in decision-making process
- Predictive maintenance and cost reduction
- Efficient
- Easy to use
- Low consumption

INCLUDED ✓

Weighing of: Windshield wiper fluid, Brake fluid, Coolant, Hydraulic oils, Lubricating oils; 1 pc 7-litre tank, 4 pcs 24-litre tank
Wireless optical reader

OPTIONAL ●

KIT PESA - 125086700: Weighing kit for AdBlue® or additional oil
KPL-CA - 125086600: Fuels weighing kit
KPL-CO - 29610001: Electronic platform for weighing components

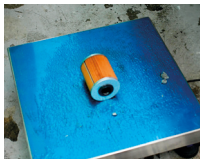

KIT PESA

KPL-CA

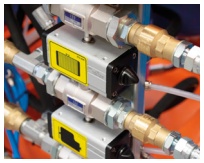

KPL-CO

			KPL 125086500	
	Compressed air requirement	max	11	gpm UK
	Compressed air inlet pressure		6 ÷ 12	bar
	Fluids outlet pressure		6	bar
	Power supply		500	W
	Voltage		230 V AC - 50 ÷ 60 Hz	
	Rated current		1	A
	Storage output lines	N°	5 ÷ 6	*
	Length of the suction pipes	max	2,5	m
	Length of supply pipes to storage	max	30	m
	'A' Weighted sound pressure level (LPA)		< 70	dB(A)

* The number may vary depending on the options.
